

Sight Glass high performance made of brass with real glass window

BODY MATERIAL Brass

(1) WINDOW glass

(2) OR OR FLAT PACKING RING FKM

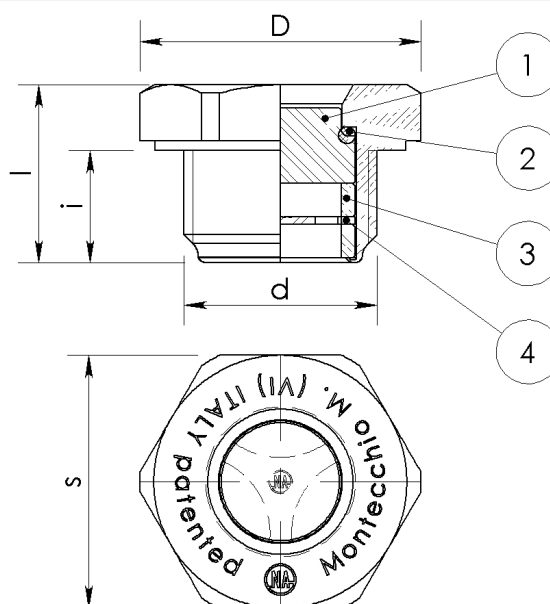

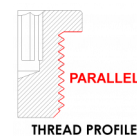

(3) SPACER Brass

(4) CONTRAST SCREEN Aluminium alloy

RANGE TEMPERATURE -10 +150 [°C] ; +14 +302 [F]

DESCRIPTION

Fluid sight glass (or oil level indicator) made of brass, patented by Nostrali and suitable for medium pressure applications. The glass window and the FKM Viton® seal are suitable for high temperature applications. Thanks to its design it can be used in many different applications where a higher pressure resistance is required such as on oil screw compressors.
